## Profile

I am a driven Full-Stack Web Developer transitioning from a diverse background in warehouse operations and pharmacy assistance. I am skilled in leadership, problem-solving, and teamwork, with certifications in HTML, CSS, JavaScript, and both front-end and back-end frameworks. My experience in customer service and communication provides me with a strong foundation for building user-centered digital solutions.

I am passionate about technology and creativity, bringing an analytical mindset and a commitment to continuous learning to every project. I am ready to leverage my full-stack development skills to contribute to innovative web projects and deliver high-quality results.
